

Our approach to meeting the Products & Services Outcome and Price & Value Outcome

Information for distributors of the Product

This summary document is being provided to you to fulfill our responsibilities under PRIN 2A.4.15R and PRIN 2A.3.12 R (2).

It is designed to support you to comply with your responsibilities under PRIN 2A.3.16 R and PRIN 2A.4.16 R. Please note that you are ultimately responsible for meeting your obligations under 'The Consumer Duty'.

This information is intended for intermediary use only and should not be provided to customers.

01. SUMMARY OF OUR ASSESSMENT

We have assessed that:

- Our "Real Life" Residential product range continues to meet the needs, characteristics, and objectives of customers in the identified target market.
- The intended distribution strategy remains appropriate for the target market.
- The Product provides fair value to customers in the target market (i.e. the total benefits are proportionate to total costs).

02. PRODUCT CHARACTERISTICS & BENEFITS

The products are designed to meet the needs of the target group looking to refinance an existing mortgage and/or raise capital. The product features and criteria are designed to support these needs.

- Fixed rates on 2 or 5-year terms
- Options to accommodate LTVs up to 85%
- Mortgage Term up to 35 years
- Fee options that can provide a lower Completion Fee, Valuation costs and cashback
- Option to borrow from £25,001 up to £1m (75% LTV), £750,000 (80% LTV), or £600,000 (85% LTV)
- Available on new or existing homes

The Real Life range is designed for customers whose personal circumstances provide additional complexities regarding financial histories or incomes.

RLO provides for income profiles including but not limited to:

- Self-employed trading 12-24 months, 1 year accounts using profit before tax.
- Self-employed trading over 24 months, 2 years accounts using profit before tax.
- Employed (with commissions, bonuses, car allowances, regional and shift allowances).

RLO provides for customers whose credit profile matches the following characteristics:

- 0 unsecured arrears within 36 months
- 0 secured arrears within 36 months
- No CCJs within 36 months
- No unsecured agreement defaults within 36 months (utility and communications defaults are not considered adverse credit)
- No history of bankruptcy, IVA, repossession, debt management plans.
- No Payday loans within 36 months of application.

Alternatives are available elsewhere in the TML Residential Range that apply an alternative credit criteria. Full eligibility criteria can be accessed on our intermediary website via [this link](#).

3. TARGET MARKET ASSESSMENT AND DISTRIBUTION STRATEGY

This target market assessment matrix segments the target customers for the Product, recognising their different needs to enable you to tailor the services you provide when you distribute the Product

Customer Circumstances	Distribution Strategy	Customer Needs & Objectives
First Time Buyers (FTB). Customers who are buying their first home or who have not owned a home for 12 months.	Available via Intermediaries registered with TML: Appointed Representatives of Networks, Mortgage Clubs Directly Authorised Intermediaries and Specialist Distributors Advised Sales only.	<ul style="list-style-type: none">• A product that has been designed to assess and utilise self-employed or variable/disrupted sources of income.• No recent credit adverse (see above).• It is more likely that these will be customers at an earlier life stage looking to extend borrowing:• Higher LTV (to 85%) to borrow with lower available equity• An LTI of 4.5x to utilise existing incomes (subject to affordability) across terms up to 35 years• New build and existing properties• Fixed rates to offer certainty of payment for fixed period• Fee Assistance available to help with upfront costs will be especially favoured by first time buyers.
Subsequent Buyers. Customers looking to purchase their next or final home.	Available via Intermediaries registered with TML: Appointed Representatives of Networks, Mortgage Clubs Directly Authorised Intermediaries and Specialist Distributors Advised Sales only.	<ul style="list-style-type: none">• A product that has been designed to assess and utilise self-employed or variable/disrupted sources of income.• No recent credit adverse (see above).• A broad range of customers with a wide set of circumstances covering second purchase (with extended borrowing) to final homes.• Broad applicant LTV (but still to 85% LTV)• Potential to use LTI of 4.5x to utilise existing incomes (subject to affordability) across terms up to 35 years• New build and existing properties• Fixed rates to offer certainty of payment for fixed period• Fee Assistance available to help with upfront costs

The Product is not designed for customers who:

- Do not pass our lending or property criteria
- Are looking to borrow into retirement or fail our affordability tests
- Have significant current financial difficulties
- Do not intend to reside in the property
- It has been explained that this proposition is aimed at those who's circumstances, needs and objectives are best met by products available from specialist lender. It is difficult to foresee circumstances where a customer who has received a recommendation for a TML product would also be able to easily access mainstream alternatives.
- The range is not designed to give customers that cannot afford the loan access to finance. There are measures within the product range that help with structuring costs (such as the fee assistance package) but this does not overcome the fundamental long-term affordability assessment that is undertaken on each customer.

04. CUSTOMERS WITH CHARACTERISTICS OF VULNERABILITY

First Time Buyers: the need for extended borrowing may create conduct not aligned to the customer's own best interests. Similarly, FTBs are less likely to have a comprehensive understanding of mortgages or the mortgage market and may require a greater level of engagement in the advice process. We do not expect any of our customers (FTB or subsequent purchasers) to have a comprehensive understanding of mortgages, the mortgage market, or the financing alternatives available to them. They require advice and support to ensure they understand the information being presented to them and the implications of the arrangement they are entering. Receiving good advice is critical to reduce the risk of customer harm.

The Real Life range is designed for customers whose personal circumstances provide additional complexities regarding financial histories or incomes, which is likely to include some customers with characteristics of vulnerability or who will experience vulnerability over time. Some higher potential of vulnerability compared to mainstream lenders arising from reduced financial resilience indicated by lower credit score/income complexity.

Intermediaries should continue to comply with your obligations to ensure that you treat customers in vulnerable circumstances fairly.

Please contact us if you need any further information about how we support the needs of all our customers in relation to the product.

05. OUR ASSESSMENT OF VALUE

We have developed a comprehensive and robust assessment process which evaluates several aspects of our business to determine the value of our mortgage product. This analysis is used to ascertain whether the Product delivers fair value for customers.

The outcomes of the assessment process are presented to the Product Strategy Committee, allowing for challenge and further investigation before we sign-off the outcomes and share the summary of our assessment with you.

Our fair value assessment has considered the following:

Benefit	Price	Costs	Limitations
<ul style="list-style-type: none">The range of benefits and features that the product provides to fulfil customer needs.The quality & level of customer service provided through the life of the loan.	<ul style="list-style-type: none">The ongoing cost for the customer for both the fixed term and the variable rate thereafter for the term of the loanCompletion Fee as optioned by the Customer.Fees and charges incurred as part of the application process before fund transfer as set out in the Tariff of Fees (with options for assistance).Fees and charges incurred post completion for services performed as set out in the Tariff of Fees (with options for assistance).Average Broker Fee charged by intermediaries to cover their costs of operation and advice.	<ul style="list-style-type: none">The costs occurred by TML to fund the product.TML costs for processing of the Application.Operational running costs of TMLProcurement Fees payable to intermediariesService Provider costs involved with assessing, completing or managing the loan – for example, legal fees.	<ul style="list-style-type: none">We are unable to lend to all customers or agree all applications. Please read this alongside our Lending Criteria.

RESULTS OF OUR ASSESSMENT

OUR ASSESSMENT CONCLUDED THAT THE PRODUCT CONTINUES TO DELIVER FAIR VALUE FOR CUSTOMERS IN THE INTENDED TARGET MARKET.
