## STEP 5

### SELECT THE DATE

Once you have confirmed that your client has received the offer, please check that the proposed switch date is correct and click 'Confirm Switch Date'. This will prompt you to confirm the Customer Declaration and complete any payments that may be required (the payment screen will open in a separate window). You can then click 'Complete Mortgage Switch'.

**Once a Product Transfer offer has been accepted the terms are locked in and it cannot be changed or cancelled without the customer/s incurring an early repayment charge.**

## STEP 6

### CONFIRMATION

That's it - the product transfer is now complete! Your client will receive a confirmation letter in the post within 5 working days with the full details.

**Please note:** If the product transfer application is paused or saved, you will need to access this through the 'Product Switch' menu. If your client doesn't proceed within 24 hours of the Offer being produced, the product selection process will restart and a new Offer will need to be produced.
